SUBJECT No 212

Modification of rules regarding the maximum number of boys in a class

[illegible] Taluk

Edn 378-09
SC-(1)

Summary of discussion—The present rule in the Education Department does not admit of more than 40 students in a class By such a restriction many students will have to be excluded from the classes The students being thus deprived of the advantages of education cannot lead honorable lives The rules may therefore be modified so as to admit of the formation of classes with more than 40 students or the formation of separate classes when the number is sufficiently large

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 10528/753 Bangalore 21st April 1910

Edn 378-09-3

From J Weir,
H J BHABHA Esq MA
Inspector General of Education in Mysore

To C S Balasundaram Iyer Esq BA,
Offg Secretary to the Government of His Highness
the Maharaja of Mysore,
General Revenue Department
Bangalore

SIR

With reference to your No 9177 Edn 378-09 dated 12th April 1910, I have the honour to inform you that the rule about the size of classes applies only to High School classes - The number is limited to forty because it is found by experience that a master cannot teach a larger class of boys at this stage efficiently The rule permits the number of forty to be exceeded for two months after the number on the rolls first exceeds forty But in that case the managers implicitly commit themselves to a promise to divide the class into two sections within the period of two months Presumably this period is fixed in order to allow the managers to ascertain by experience whether the increase in numbers is going to be permanent, and

GPH—1500—9-09

if so to look out for, and appoint, an additional teacher - The rule also permits a larger number than forty to be admitted with the sanction of the Inspector-General of Education who no doubt would be willing to consider any exceptional circumstances

I do not think that the rule can be modified with advantage

I have the honour to be,

Sir,

Your most obedient servant,

J Wen

Inspector General -

Ed/165

The Inspector General of Education explains that the rule in question applies only to High school classes, where it is found by experience that a master cannot efficiently teach a larger class of boys at this stage ~~age effectively~~. This number is allowed to be exceeded for two months after the class is formed with the object of knowing whether the increase is going to be permanent, in which case the managers of institutions are required to arrange for an additional teacher &c. The rule further provides that the limit of 60 may in some cases be exceeded with the sanction of the Inspector General.

The Govt agree with the Inspector General that the rule cannot be morfed with advantage. Whenever the numbers exceed forty in Govt schools, Govt will be ready to consider favorably proposals for constituting additional sections
